# Abide in the Wind

Episode 3 • Labyrinth of Terre

Story • Art      Shin Weol

What a silly family.

That dragon  
obliged me to  
you're from the  
Harrington family.

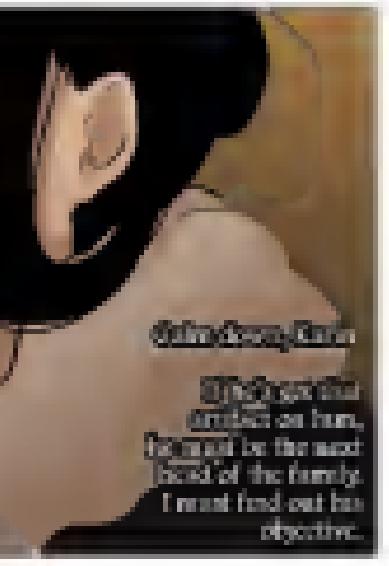

If you really are  
from that Harrington  
family, I understand  
now. There is a peace  
treaty between humans  
and dragons right now.

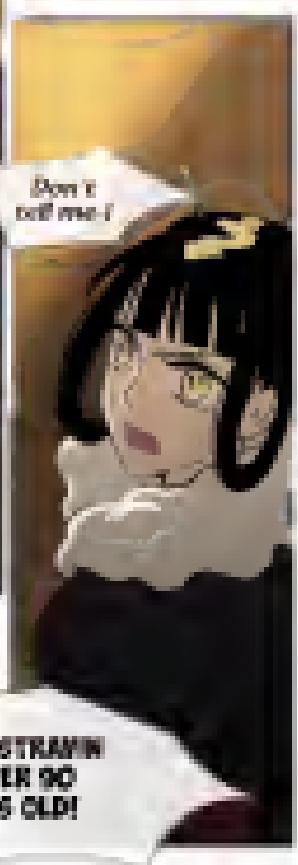

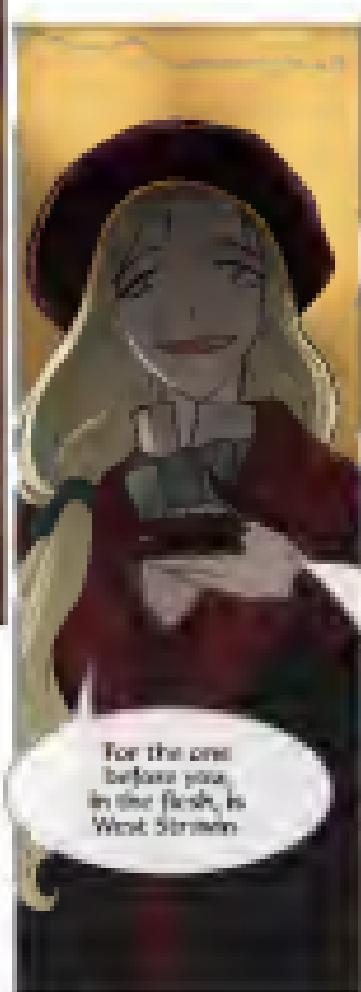

Your current  
actions are a breach  
of our contract.

In your country,  
dreams of that?

John Harrington  
The dragon that  
obliged me to him,  
I must be the next  
head of the family.  
I want find out his  
objective.

Israfil and Alzira  
are relatively lively  
as well, do they not?

What makes  
you think Parsons  
is mad?

Even more so,  
on the one who was  
"chosen."

When we signed  
that peace treaty,  
our terms were:

"The Israfi will remain in  
the forest and mountains.  
You will not meddle in any  
of our business."

However,  
"Yoshida the General and  
Toshiro Yuden cargo added  
another term."

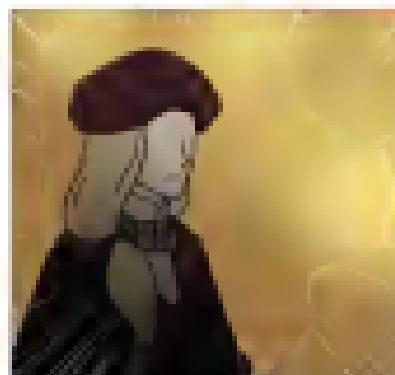

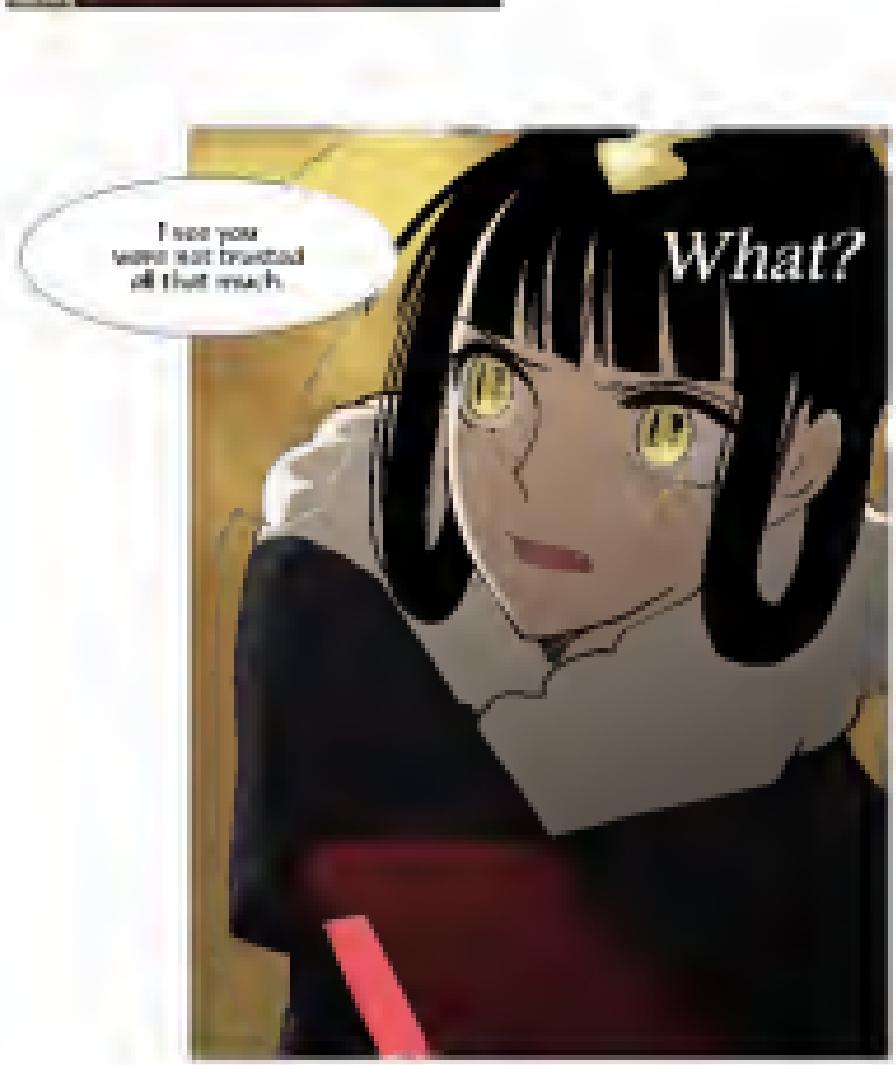

"I remember correctly,  
it was that 'we will not  
care for those who are in  
the enemy's territory.'

"The elders...  
probably know..."

Why do you think  
there wasn't a single  
rescue attempt in the  
Hunter's village?

The walls of the labyrinth can only be destroyed using dragon artifacts.

On top of that, they must've been excavated from the labyrinth.

Dragon artifacts  
up my strength.

Normally, the master of the labyrinth doesn't allow external forces to act in their territory.

It seems that  
the child with the  
Dragon Pearl in  
her hand...

Our body, we  
cannot feel  
any more comforted

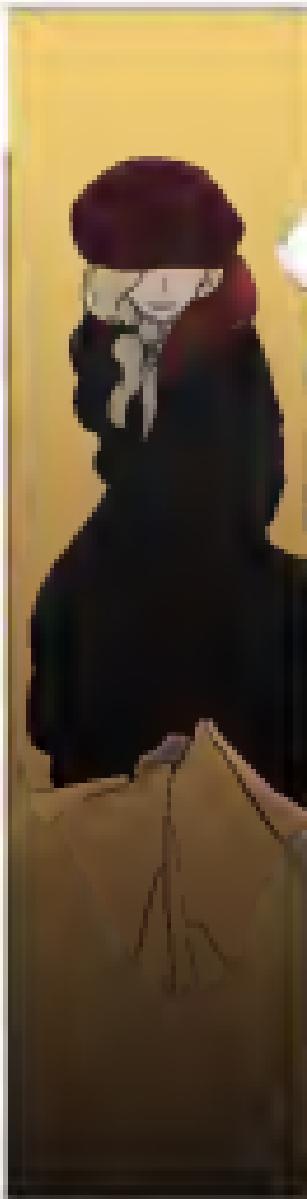

CHOCAGE

is all wrapped  
up and ready to be  
presented to the King  
Thank you for your  
consideration

You...!!

I've also  
obtained...

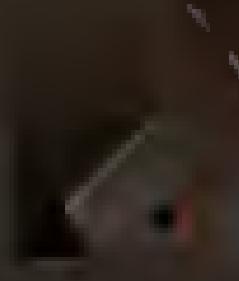

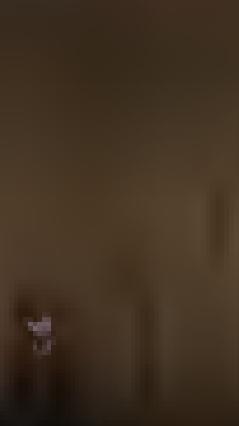

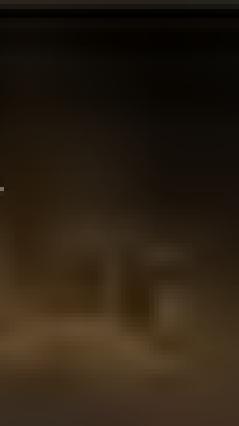

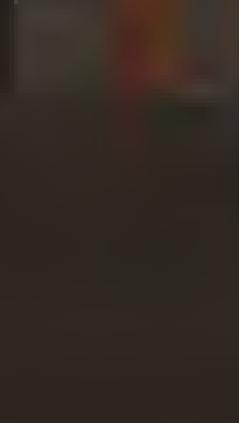

the Iruag with the  
panzer blood the Iruag  
of three eyes.

The Rockwells  
will love this

I'll erase any memory for you  
and won't let them to pass...

Worms

Nothing seems  
to offend him...  
Should I just head back?

What's that?

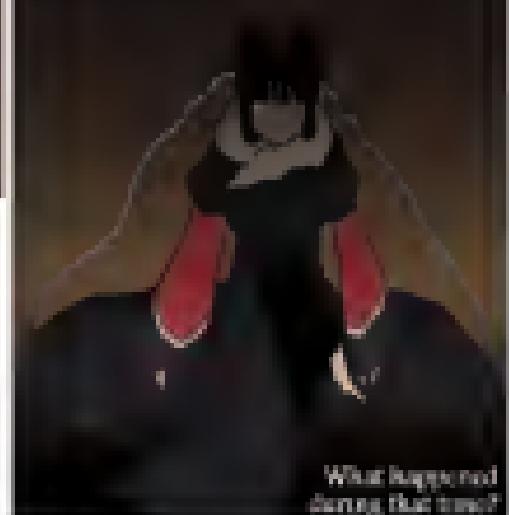

This is right next  
to the big hole.

It's dangerous here.

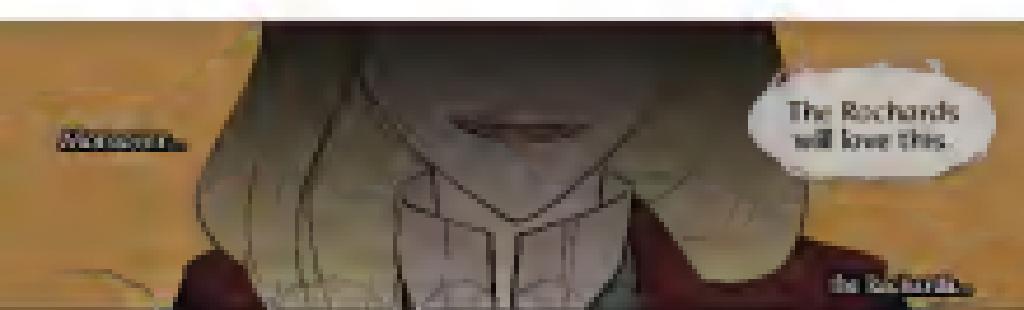

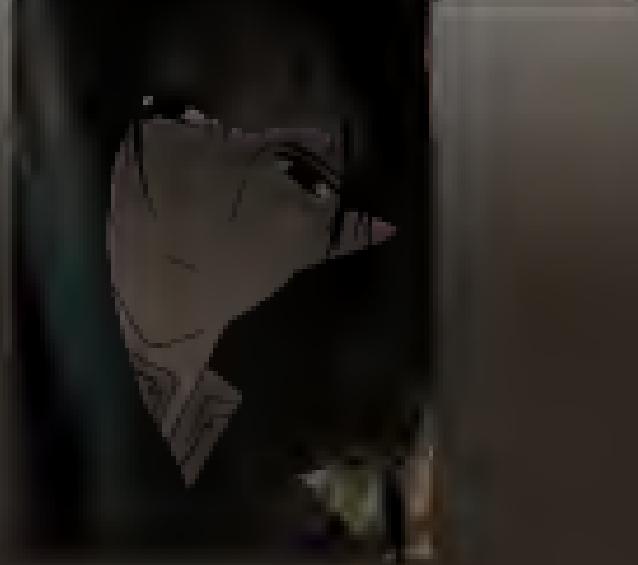

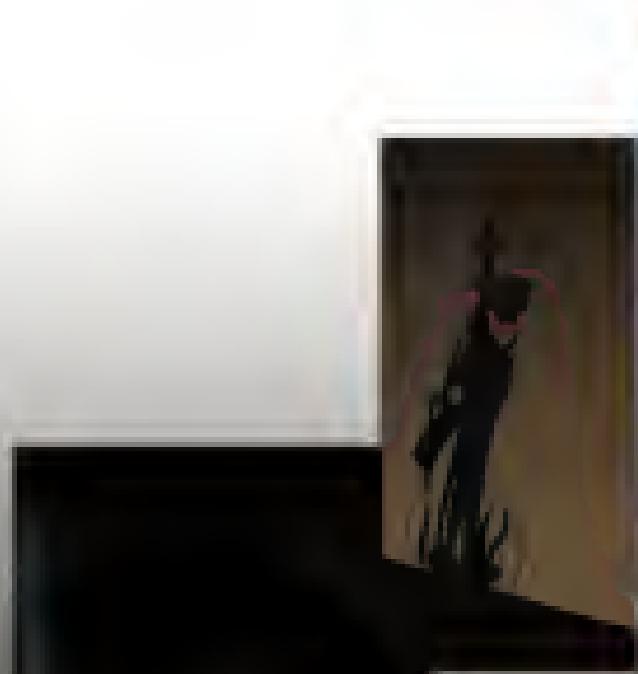

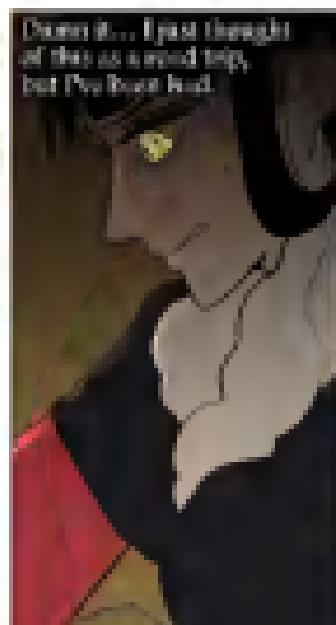

12 years ago this  
winter I was still  
developing the  
Python interpreter.

What happened  
during that time?

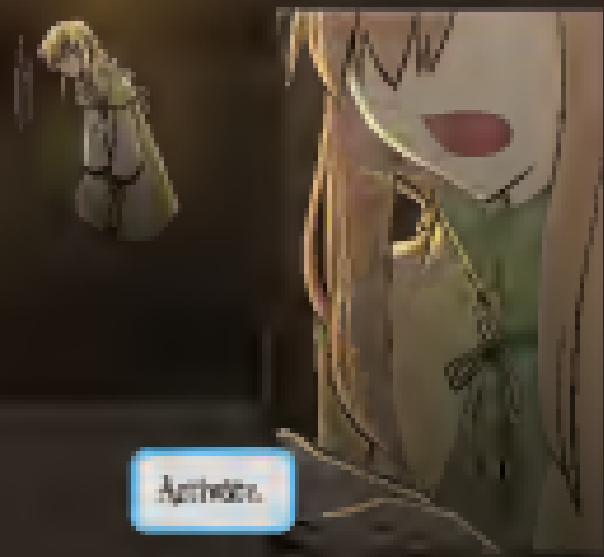

Hello, are you okay?

It's bright.

Did I eat all the  
eggs from those?

It's not working.

If the Dragon Pearl worked the way it should've, then Karak wouldn't have fallen...

There's nothing  
else we can do  
but keep trying.

Did Karak land  
around here as well?

Monoid. Are  
you here??

Karen 43

100%

The roads are confusing.  
I'll need something to mark  
the areas I've passed.

What's that...?

Mr. Bremen,

I'm glad to  
see that you are  
safe and sound
